Opulent Accessories

Add a touch of magic to that walk down the aisle with a pair of dazzling heels. Dune has unveiled a beautiful 20-piece ivory satin footwear collection and an exclusive range of matching clutch bags. There's devil in the detail with bespoke embellishments including elaborate jewel trims, sparkling diamante-encrusted stars, intricate pavé charm heels and ribbon ankle ties adorned with pearl clusters. Even better, you don't have to suffer for fashion, each style created with latex and memory foam sock linings, cushioning the foot for added support and balance. There's even an elegant stone discreetly placed on each shoe sole, ensuring the bride's 'something blue' is ticked off. Adding a final flourish, the clutch bags are drenched in ornate pearls and gems, with showstoppers including a crystal kiss lock satin pouch, a jewel adorned wallet with mirror interior and a floral diamante-encrusted hardcase clutch.
